The actors were told they had travelled back to time until 2002, when they were still trainees. Because of this, all their electronic devices were confiscated and exchanged with devices present in 2002 such as MP3 players and mobile phones. They are given instructions on how to return to the present; by carrying out the tasks assigned to them, including filling out photo albums with photos taken at certain places, and composing themes songs for their journey. 2 Prepare, Set, Go! Yunho is a porter; he kept their passports and was responsible for snacks, Leeteuk became their first aid and Eunhyuk was their tour guide. The next day, they took a flight to Yogyakarta. After staying at the hotel, they booked a van for easier travel purposes. Changmin began to feel depressed by his role as the production team only paid for their hotel but the actors had to pay for their own transportation. The actress went to Borobudur, the world's largest Buddhist temple. Leeteuk tried to jog with cheaper entrance fees but he was unsuccessful. 3Thth and Mystery (Korean: 한걸음 한걸음 거대함과 신비함들)Kim Ji-seon9 October 2019 (2019-10-09)October 30, 2019[10] The actress was impressed by the size of Borobudur. In the evening, they went to eat at a restaurant serving Korean food, after Changmin's protests over expensive food were thrown off work through a majority vote. Donghae won a sensory game of stone paper in the restaurant, and was able to order food that picked him up on top of other foods. He directs much to chagrin Changmin. 4Off Road (Korean: 10월한 1000)Kim Ji-seon9 ㅄ October 2019 (2019-10-09)November 6, 2019[11] The actor re-convened at the hotel on the day it ended. They're Them incest about the theme songs they were supposed to write. They also decided to cheer for the trip. The next morning, Yunho was examining his food stock when he realised one of the cup noodles was missing. During the journey to the next destination, Yunho confronted the rest of the cast about cup noodles. Leeteuk, who had eaten him in the morning, tried to postpone the questions directed at him, making the actor correctly assuming he had eaten it. The cast arrived at the Gunung Merapi base camp. They rent jeeps and visit around the mountain. They visited the Real Estate Waste Mini Museum, featuring artefacts recovered from a volcanic ertion in 2010. 5Heart to Heart (Korea: 진솔한 대화)Kim Ji-seon9 October 2019 (2019-10-09)13 November 2019[12] The actress arrived at Bunker Kaliadem and temporarily explored it. Then, each took a picture with a benign bird. The fearless leeteuk with birds managed to overcome his fears and completed the task. It rained a lot as they went down the Merapi Mountain. The cast suffered rough terrain trips as they passed the River Yellow Times several times. In the evening, they went to dinner at a restaurant on Malioboro Road. The cast are talking about their competition and jealousy towards their respective groups. Donghae and Yunho apologised to each other for neglecting each other's texts as they were busy preparing for the debut at that time. The actress recalled how watching other accomplishments always urged them to work harder because they were each other's pacemakers, and how lucky they were, were able to laugh and talk about it without feeling hard years later because they had a successful career. 6Th Underworld (Korean: 이곳은 천국인가 지옥인가?) Kim Ji-seon9 October 2019 (2019-10-09)20 November 2019[13] It was their third day at Yogyakarta. The actors departed ahead of the hotel to their next destination. During the trip, Leeteuk pretended he was hosting a morning radio show, with Yunho as a guest, Eunhyuk as a foreign correspondent and Shindong as a weather presenter. They arrived at the vertical cave entrance, Goa Jomblang, located at Mount Kidul Regency. Actors except Eunhyuk, hesitant to get off the cliff, especially when they see that they will be let down by a rope, run by manual labor. The cast managed to curb their fears and went down without fanfares. Donghae admitted

that it was quite difficult for him because he had both acrophobia and claustrophobia. The cast grabbed a moment before arriving at the opening of the cave. In the post-credit scene, the actors are shown to photograph the group before their descendants but no one next to Eunhyuk smiles. 7Cahaya Paradise (Korea: 천국의 빛)Kim Ji-seon9 October 2019 (2019-10-09)December 4, 2019[15] Actor enter Goa Jomblang. The cave floors are dying, making it very smooth. Leeteuk had mud entering his boots as he went knee deep into the mud. The actress arrived in the cave section nicknamed as the light of heavenly heaven It has a ceiling opening where light can shine, which creates beautiful views. The actors took individual photos under light but they couldn't photograph the group as the light faded. During the track back, the actress noticed that Yunho was quiet. He denied that he was tired when asked by worried cast members. In a speaking head interview, Yunho admitted that he suffered headaches, dizziness, and signs of panic attacks. He says the atmosphere in the cave reminded him of an almost lethal experience, when he was poisoned with super glue by an anti-fan back in 2006. [14] He quickly recovered when they got out of the cave and rose to the ground level. The actor departed for his next destination, Kalisuci cave. They eat before starting the next activity, enjoying the lunch prepared by Yunho. 8Overcome (Korea: 극복)Kim Ji-seon9 October 2019 (2019-10-09)December 4, 2019[15] The cast lines dressed as they prepare for a river tube in The Kalisuci cave, which is a river cave. Shindong, who is afraid to move water, is determined to cope with his fears even though the actor assured him that it is okay to withdraw from the activity. Shindong led the tube after a brief discussion among the cast. They all agreed that Shindong might be afraid to go if he saw how the rest went ahead of him. The cast fulfilled their duties to photograph in the river while forming a circle, holding hands and strolling at their backs on the water. In the talking head interview, Shindong credited the mission's success to the cast members who continued to encourage him. After their activity ended, the actors were surprised that they needed to climb many flights of stairs because they didn't realize they went quite far downstream. Eunhyuk was similar to the experience as back in the military boot camp. 9 New Adventure (Korea: 새로운 도전의 시작)Kim Ji-seon9 October 2019 (2019-10-09)December 11, 2019[16] On the evening of the third day, the actress went dinner in an open-air restaurant, which has great views of Yogyakarta. The actress took pictures there and wrote a diary memo of the day detailing their experiences. The next day, they went to Parangtritis beach to do paragliding. Yunho, Donghae and Shindong, who have never been paraglid before, were given priority to go first since they were under time constraints. Yunho is particularly nervous about the mission because it is on his bucket list. As they were preparing at the top of the cliff, the instructor told them they couldn't go because the wind was too strong and it would rain soon. The frustrated actor went lunch nearby. As they eat, the skies are cleaned. They quickly finished eating them rushing back to the cliffop. 10 Joint Flowers (Korean: 함께)Kim Ji-seon9 October 2019 (2019-10-09)December 18, 2019[17] Donghae, Shindong and Yunho took a paragliding turn. Donghae, who has acrophobia go first. Shindong, who went second, flew lower than the rest because he wasn't shy to launch it's not too wine. Yunho, whose last fly was noticeable the most nervous of everyone but he managed to carry out activities without any problems. The rest of the actors decided not to paraglide because they might miss the sunset for the next task. Donghae, Shindong and Yunho went to drink at a stall on the beach after they landed but they forgot that Changmin had all their money. Donghae borrowed a sum of money from the crew to pay for the drink. The actors reunited and talked about writing their final diary memos to read on the beach later. It turns out to be in vain because of the rain in the evening. On their return to the hotel room, they found their smartphones and luggage were waiting in their rooms, indicating that they had returned to 2019 despite failing to carry out final duties. 11Come a Little Closer (Korea: 너와 나)Kim Ji-seon9 October 2019 (2019-10-09)December 25, 2019[18] The actors were too happy that their electronic devices were returned to them. They had a discussion on what they would do on their last day in Indonesia. They decided to do filming for their soundtrack music videos, although they hadn't finished writing songs. The next day, Shindong acted as the music video director and held a meeting with the cameraman to explain which recording equipment was available. They departed the Prambanan temple for the activity. The actors chose their own preferred scene, with Shindong predicting that the final results would be chaos. After that, they went for lunch at a restaurant overlooking the temple. They read the letters they had written towards each other, and reflected their travel experiences. They went through all the pictures developed and sorted them in the album. The episode ended with them doing one final group cheer. 12Reunion (Korea: 재회)Kim Ji-seon9 October 2019 (2019-10-09)January 1, 2020[22] The cast returned to their busy lives after they returned from Indonesia. During lunch in his schedule, Leeteuk met his frequent collaborators in composing, Team One Sound,[b] to choose music for soundtracks from their list of compositions. They decided to use leeteuk music previously used for its fanmeeting event in Japan. Changmin became a lyricist as he had shown off his skills in writing rhyming lyrics during the trip. After the song was written, Leeteuk, Shindong, Eunhyuk and Donghae recorded soundtracks. Yunho and Changmin did not participate because of their busy schedule. Shindong edited the music video at his production home office, Walala Production. The cast, with the exception of the ill-grateful Shindong, regrouped at the SMTown Live concert in Tokyo 2019 Berlungsung pada 3 – 5 Ogos 2019. [23] He explained that while he was working with a signed artist from SM Entertainment, he realized they had a deeper and more meaningful relationship between them. [2] It was clearer among the members of TVXQ and Super Junior who shared the same shelter while they were still trainees, and grew into popularity together. [24] Despite this, their relationship has never been documented in a film before. [23] The City of Asakura, director of YouTube Original for the APAC region, said that the two groups started a young age and did not have the opportunity to create memories, hence the travel documentary gave them the opportunity to gain world experience. He further added the actors were chosen because they had good relationships and chemistry with each other. [24] Kim stated that they chose a travel documentary as a genre for Analog Trip because it combined the presentation format favoured by South Korea but did not alienate international audiences even with language barriers. [25] Filming In March 2019, a circular by the Indonesian Ministry of Tourism, dated March 13, 2019, was leaked online. It states that the crew of 60 people from SM Production and Denise Production are to film around Yogyakarta from March 20 to 24, 2019, with members of the TVXQ duo and Super Junior boyband as actors. [26] The actual major photography was carried out from 19 to 24 March 2019 in Indonesia. held in Bali on 19 March 2019 and Yogyakarta, from 20 to 24 March 2019. [29] The actors stated that although they had traveled to Indonesia several times to work before, it was the first time they had gone to Bali and Additional filming for ants was held for about ten days after the main photography was completed. [23] Several tourist attractions were featured in the series. They are Borobodur temples, Mount Merapi, Jomblang caves, Parangtritis beaches and Prambanan temples. [32] Publisher Kim Ji-seon said that she chose Indonesia as a designation because the country's tendency to preserve cultural heritage. She feels that it's a place where actors can explore their friendships in the past and present, and have experience for school trips. [2] The documentary was shot in a 4K resolution, making it the first Korean show to be broadcast on Youtube to do so. [23] As such, the crew had to build a new hard drive to cover the size of a large raw film. The post-production process took up to six months to complete as it had to go through four major editing processes. [23] The Future In an interview held on September 30, 2019, producer Kim Ji-seon said that it was too early to talk about the second season. He also says that if there is a second season, it may be in different places like Russia or with different actors.
